A New and Interesting Book

We are in receipt of an unusually attractive circular announcing a very unusual book—"The Stark Year Book for 1910"—which is now being sent out by the Stark Bros. Nurseries and Orchards Co., the famous nurserymen of Louisiana, Mo. The book contains 116 pages, 12 of which are in color, present reproductions of fruit in nature's own colors—the most natural, like-to-nature illustrations we have ever seen. The other 84 pages are devoted to full descriptions and prices of the various fruit trees, shade trees, ornamentals, vines, plants, roses, small fruit plants, etc., grown by Stark Bros.

Any of our readers who are planning to plant a home orchard or to increase the beauty of their home grounds by planting shrubbery, roses or other things, would by all means send for the "Stark Year Book for 1910." It really is a remarkable volume—one you will thoroughly enjoy looking through because of its exceeding beauty and one you will find very practical and helpful. Stark Bros. have advised us they will send this beautiful book to any one interested, on receipt of 7 cents to cover postage. Address them at Louisiana, Mo.

MR. ROSE ATKINSON

49 East Russell St., Columbus, O., Nov. 13, 1908.

In February, 1907, our family physician pronounced me incurable and prescribed creosote. He then sent me to the country and said that I would have to remain there or I would not live eighteen months.

I remained on a farm near Zanesville six months, taking creosote all the time. This seemed to give me temporary relief, but soon after I returned I began to decline and my condition became worse than ever.

June 24th I began taking Nature's Creation, and was soon cured, just the same as many other cases that I know of personally, but I believe my recovery was more rapid than most cases, as my night sweats, high temperature and all symptoms left me inside of three weeks. My family physician recently examined me again and was greatly surprised to find me cured. Sincerely,

Mr. Rose Atkinson

June 25, 1909—I continue to enjoy good health and am more grateful every day to Nature's Creation.

MRS. R. A.

We would suggest that you call on some of these people and hear from their own lips the history of their wonderful recoveries. If you will send for booklet, which we mail without expense, and which contains over fifty testimonials from different parts of Ohio, you will likely find in it a statement from some one whom you know or who is well known.
